LEGISLATIVE ASSEMBLY.

PRIVATE BILLS.

EXCERPT FROM RULES AND ORDERS RELATING TO PRIVATE BILLS.

Rule 76.

ALL APPLICATIONS for Private Bills, properly the subject of legislation by the Legislative Assembly of British Columbia, within the purview of the "British North America Act, 1867"—whether for the erection of a Bridge, the making of a Railway, Tramway, Turnpike Road, Telegraph or Telephone Line; the construction or improvement of a Harbour, Canal, Lock, Dam, Slide, or other like work; the granting of a right of Ferry; the incorporation of any particular trade or calling, or of any Joint-stock Company; or otherwise for granting to any individual or individuals any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing

which in its operation would affect the rights or property of other parties, or relate to any particular class of the community, or for making any amendment of a like nature to any former Act—shall require the publication of a notice clearly and distinctly specifying the nature and object of the application, and when the application refers to any proposed work, indicating sufficiently the location of the work, to be signed by or on behalf of the applicant. Such notice shall be published in the British Columbia Gazette and in one daily and one weekly newspaper freely circulating in all parts of the Province. When the proposed Private Bill is of a local nature, the notice shall be furthermore published in some newspaper in the electoral district affected, or if there be no newspaper therein, then in the nearest electoral district in which a newspaper is published. Such notice shall in all cases be continued for a period of six weeks during the interval of time between the close of the next preceding Session and the consideration of the petition.

72. No Petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any Report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no Motion for the suspension or modification of this Rule shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committee charged with consideration of Private Bills, who shall report thereon to the House. And if this Rule shall be suspended or modified as aforesaid the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the Petition has been received after the time hereinbefore limited, shall in either case pay double the fees required as herein mentioned, unless the House shall order to the contrary. Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight clear days before the opening of the Session, a printed copy of such Bill, a copy of the Petition to be presented to the House, together with copies of the notices published. Such publication to be proved by affidavit or declaration to the satisfaction of the Clerk of the House. At the time of depositing the Bill, the applicant shall also pay to the Clerk of the House the sum of three hundred dollars. If a copy of the Bill, Petition, and notices shall not have been so deposited in the hands of the Clerk of the House at least eight clear days before the opening of the Session, or if the Petition has not been presented within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the paid fees shall be returned.

77. Before any Petition, praying for leave to bring in a Private Bill for the erection of a Toll Bridge, is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by Rule 76, also at the same time and in the same manner give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

78. All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the clauses of the General Acts relating to the details to be provided for by such Bills. Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the General Act is proposed to be departed from. Bills which are not framed in accordance with this Rule shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

82. All Private Bills shall be prepared by the parties applying for the same, and printed in Small Pica type, twenty-six ems by fifty ems, on

good paper, in imperial octavo form, each page when folded measuring 10¾ inches by 7½ inches. There shall be a marginal number every fifth line of each paper; the numbering of the lines is not to be run on through the Bill, but the lines of each page are to be numbered separately. Three hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee or Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

By Rule 83, a model form of Railway Bill is adopted. A copy of same can be obtained upon application to the Clerk.

All Bills to incorporate or amend Bills incorporating railway companies are to be drawn in accordance with the Model Bill.

The provisions contained in any Bill which are not in accord with the Model Bill shall be inserted between brackets.

Any exceptional provisions that it may be proposed to insert in any such Bill shall be clearly specified in the notice of application for the same.

In the case of Bills to Incorporate Companies, in addition to the fee of \$300 mentioned in Rule 72, fees calculated on the capital of the company are payable at the same time. Further particulars can be had on application to the undersigned.

Every Petition for a Bill to incorporate a company shall state the name of the proposed company.

Petition signed by agents or attorneys must be accompanied by the authority of such agent, etc.

DOMINION ORDERS IN COUNCIL.

P.C. No. 2339.

CERTIFIED TO BE A TRUE COPY OF A MINUTE OF A MEETING OF THE COMMITTEE OF THE PRIVY COUNCIL, APPROVED BY HIS EXCELLENCY THE GOVERNOR-GENERAL, ON THE 31ST DECEMBER, 1928.

THE Committee of the Privy Council have had before them a report, dated 20th December, 1928, from the Minister of the Interior, submitting:—

That Mr. Robert Basilici, of Kew, Alberta, was granted a lease of Ranch No. 3566, covering the North-east Quarter of Section 20, the North-east Quarter of Section 21, and the South Half of Section 28, Township 20, Range 4, west of the 5th meridian, for a term of twenty-one years from the 1st of April, 1910, under the regulations respecting grazing lands in Manitoba, Saskatchewan, Alberta, and the Railway Belt in British Columbia, established by Order in Council of the 27th of July, 1905, and subsequent Orders in Council.

That clause 12 of the existing grazing regulations governing grazing lands in the Provinces of Manitoba, Saskatchewan, Alberta, and the Peace River tract in the Province of British Columbia, established by Order in Council of the 12th of April, 1922, and subsequent Orders in Council, provides as follows:—

"The holder of a lease acquired under former regulations which has less than five years to run, irrespective of the area contained therein, may relinquish his lease and acquire one under these regulations, on the condition that, upon inspection by an Appraiser of Grazing Lands, the lands affected are found to be unfit for agricultural purposes, and that the lessee is utilizing the leasehold to its full extent for stock-grazing purposes."

That representations have been made to the Department of the Interior that the said Robert Basilici deserted his family and left the country in the year 1922; that his daughter, Elizabeth R.

Basilici, is transacting all business under power of attorney which is held by the bank; that the said Robert Basilici intended to assign the lease of Ranch No. 3566 to his wife, Mrs. Elsa Basilici, but no assignment in favour of Mrs. Basilici has been submitted to the Department of the Interior for registration; that Mrs. Elsa Basilici has been operating the ranch since Robert Basilici deserted his family in 1922, and that moneys being expended in connection therewith and the cattle being maintained thereon belong to her, and that certain lands purchased by Mrs. Elsa Basilici were registered in the name of Robert Basilici and by judgment of the Supreme Court of Alberta, delivered on the 5th of July, 1928, these lands were declared to be the property of Mrs. Elsa Basilici, and the existing certificates of title were cancelled and new certificates issued in the name of Elsa Basilici; and

That the lease of Ranch No. 3566 was cancelled on the 4th December, 1928, for failure on the part of the lessee, the said Robert Basilici, to comply with the terms of the lease, and in view of the fact that he is not eligible to secure a renewal lease under clause 12 of the existing regulations, above mentioned.

The Minister, being of opinion that Mrs. Elsa Basilici should not be disturbed in her ranching operations, therefore recommends that she be granted a lease for grazing purposes under the existing regulations, above mentioned, for a period of twenty-one years, covering the lands formerly included in Ranch No. 3566—namely, the North-east Quarter of Section 20, the North-east Quarter of Section 21, and the South Half of Section 28, Township 20, Range 4, west of the 5th meridian—without the usual preliminaries.

The Committee concur in the foregoing recommendation and submit the same for approval.

(Signed) E. J. LEMAIRE,
Clerk of the Privy Council.

To the Honourable
The Minister of the Interior. 6064-ja17

P.O. No. 16.

CERTIFIED TO BE A TRUE COPY OF A MINUTE OF A MEETING OF THE COMMITTEE OF THE PRIVY COUNCIL, APPROVED BY HIS EXCELLENCY THE GOVERNOR-GENERAL, ON THE 7TH JANUARY, 1929.

THE Committee of the Privy Council have had before them a report dated 27th December 1928, from the Minister of the Interior, submitting that the regulations governing the granting of licences and permits to cut timber on Dominion lands in the Prairie Provinces, in the Railway Belt in the Province of British Columbia, and in the tract of three and a half million acres controlled by the Government of the Dominion in the Peace River District in the Province of British Columbia, provide that all timber cut must be manufactured within the Dominion of Canada.

The Abernethy Loughheed Logging Company, Limited, of Port Haney, British Columbia, who are large operators, state that they have a quantity of fir logs in the Fraser River of oversize dimensions, and expect to be producing similar logs from time to time; that they have been unable to find market for them in British Columbia, irrespective of price, owing to their size; that although offered to the mills equipped to cut large logs, the logs in question are too big and the mills will not handle them.

It is claimed that the logs can be sold in the State of Washington, although at a less price than that at present prevailing in British Columbia for fir logs of ordinary dimensions, and there is no way of disposing of them other than by special permit to avoid a very heavy loss. The general consensus of opinion among the larger mills in the New Westminster District is favourable to the granting of the privilege asked for, and the Agent of Dominion Lands at New Westminster corroborates the statements made, and recommends that permission be granted to issue a permit allowing the export of oversize logs running from 60 to 80 inches in diameter at the top, the logs to be advertised for a period of ten days, but should an offer be made

for them equal to the prevailing price for ordinary fir logs, the export privilege shall not be granted. The permit, if issued, will be subject to royalty charges of \$3 per thousand feet, board measure, on logs grading Number 1, \$2.50 per thousand feet on logs grading Number 2, and \$2 per thousand feet on logs grading Number 3.

The Minister recommends that this special privilege be granted for a period of six months, at the rates specified.

The Committee concur in the foregoing recommendation and submit the same for approval.

Clerk of the Privy Council.

The Minister of the Interior. 6081-ja17

These switches or starting devices shall be independent of the entrance switch and shall be installed on the load side of the meter.
- (i.) A.C. motors not larger than 10 H.P. and having a rated speed of 1,800 R.P.M. and less, if furnished with air or oil motor-starting switches of the free-handle type or remote-control contactors, and provided with overload inverse time-limit protection which will limit the protection to valves not more than as provided in section (g), need not be provided with compensators. Motors of 20 H.P. or less having a rated speed of not more than 1,800 R.P.M. may be used without compensators by permission from the Power Supply Company.
- (j.) High-torque motors having high reactance motors, or motors that have automatically inserted in their windings at the time of starting resistance or reactance which will limit the starting protection to a value of not more than as provided in section (g), need not be provided with compensators for all sizes up to 100 H.P., if provided with approved starting equipment.
- (k.) The inverse-time-limit protection shall be of the manual reset type, and the overload protection shall be obtained through the use of thermal or magnetic overload relays. The motors shall be protected during the starting and running. Resetting of the relays after the overload has subsided shall be manual unless it is necessary, due to operating conditions, to have the reset automatic.
- (l.) Compensators shall be equipped with low-voltage protection, and if provided with overload protection which will limit the starting-current of the motor to values not greater than permitted in section (g), the overload protection may take the place of the running-fuses.
- (m.) Where the unexpected restarting of any motor would probably cause injury or fire, or where a motor of more than 2 H.P. drives a group of machines, such motors shall be provided with suitable protection devices that will automatically open the circuit to the motor upon the failure of the voltage, and cause such circuit to remain open until manually reclosed.
- (n.) Each motor with its starting device shall be controlled by an externally operated switch which will disconnect all underground conductors. The switch shall have a continuous-duty rating at least equal to the carrying capacity of the conductors between the motor and its running overload protective device.
- (o.) Motor-starting switches, controllers, and remote-control starters shall be located within sight of the motor, or within sight of the machinery driven by the motor.
- (p.) An automatic low-voltage release device shall be provided for all alternating-current motors with a rating of over 5 H.P. and on all direct-current motors with a rating of 1 H.P. and over.
- (q.) Adjustable speed motors, if controlled by means of field regulation, shall be so

equipped and connected that they cannot be started under weakened field.

- (r.) If the motor is supplied by a separate branch circuit which is individually controlled by a switch, then such branch switch may serve as a switch required in section (n) of this rule, provided that this switch is so arranged that it can be locked in the open position.
- (s.) Metal conduit, terminating at cabinets or casings which enclose switches, starters, or control equipment, shall properly enter and be secured to such enclosures, except where conductors terminate at resistance grids and similar places. Terminal boxes or casings shall be provided for all control equipment. Metal conduit, armoured cable, and similar equipment terminating at motors shall properly enter and be secured to a terminal box or casing attached to the motor-frame and enclosing the motor terminal leads. This section shall not apply to the secondary leads terminating at any slipring motor, provided there are no bare live parts, and provided that the open leads shall be protected with cord or tape or by other suitable means.
- (t.) Each motor shall be provided with proper starting equipment bearing the maker's name, its rating in horse-power, volts and amperes, if for alternating current, and the number of phases which may be readily seen after such device has been installed. When a motor is rebuilt or rewound, with any change in its rating or characteristics, it shall be provided with a name-plate giving the name of the person or firm by whom such change was made, and giving the new rating and characteristics in the same detail as specified above.

That the said rules, provisions, and definitions, with the exceptions and variations subject to which they are so adopted, shall govern the installation, erection, and use in any premises of electrical equipment operating or intended to operate at potentials up to 5,000 volts, inclusive.

Dated at Victoria, B.C., this 17th day of January, 1929.
